

Project plan

Aim: making a film to help people use media consciously (avoid manipulation)

1. Introduction (interactive quizzes and presentations about ourselves, our school, town, country) (Kahoot, Quizizz, LearningApps, GoogleSlide)
2. Our set of rules (Doodle, Padlet)

3. Creating an own glossary together (GoogleDoc)
4. Making a survey to find the target group and identify the problems (GoogleForms)
5. a) Discuss the problems and find solution (Doodle, Padlet, Twinspace,)
b) Ask experts, do researches... (videoconference with experts/partners)
6. Shoot the film/make the film (with English subtitles)
7. Create a poster for the film (Canva)
8. Create a logo for the project (Befunky, mentimeter)

9. Evaluation (mentimeter, Mentimeter, videoconference)
